

## **A. Project Title**

**Blackhawk Tactical – Online Airsoft Store (Philippines)**

## **B. Project Overview / Description**

Blackhawk Tactical is an online store dedicated to selling airsoft guns, gear, and accessories exclusively for customers in the Philippines. The platform allows buyers to browse a wide range of products, view detailed descriptions, and securely place orders. It focuses on providing a smooth, localized shopping experience with delivery services available throughout the Philippines.

## **C. Project Objectives**

1. To offer a wide selection of airsoft products for customers across the Philippines.
2. To provide a secure and easy-to-use online shopping platform.
3. To ensure reliable, fast, and nationwide delivery within the Philippines.

## **D. Project Modules**

1. **Product Catalog Module** – Displays all airsoft products with prices in PHP, detailed descriptions, and images.
2. **Shopping Cart & Checkout Module** – Enables customers to add products to their cart and complete purchases securely.
3. **User Account Module** – Lets users register, log in, and track their orders.
4. **About Us** – Provides information about the company and its mission.
5. **Blog** – Shares updates, news, and articles related to airsoft and tactical gear.
6. **Shipping & Delivery Module** – Handles delivery information and supports shipping only within the Philippines.
